
MANDALAY ON DISPLAY

The Shire of Mitchell's premier master-planned residential address, 'Mandalay at Beveridge', is set to become the region's one-stop-shop for home hunters, announcing plans for a new display village within the new 2000-home site estate.

The display village will feature the latest in home designs from some of Melbourne's most acclaimed national and boutique builders, including Simonds, Burbank, Metricon Homes, 3D Homes, Colex Homes, Snowdon Homes, TBN Homes and Homes Now.

Due to begin construction in coming months, the display village is expected to be completed by the middle of next year, ensuring Mandalay will be the north's go-to development for new home hunters.

Buyers have been flocking to Mandalay since the estate commenced sales in May, impressed by the location's beautiful surrounds and the extensive future facilities and amenity earmarked for the new community.

Mandalay will offer residents onsite facilities including a proposed primary school, commercial precinct and the exclusive 'Club Mandalay' with a gymnasium, swimming pool, tennis courts, café, bistro and much more.

Mandalay has dedicated 40 percent of its master plan to open space, parks and reserves, as well as the development's centre piece, a 'Thomson Perrett' architecturally designed, 18-hole golf course for the future residents to enjoy.

Mandalay Sales and Marketing Manager, Crystall Mousios, said the display village would take the hassle out of choosing the right home with a comprehensive range of designs sure to meet all buyers' particular needs and budgets.

"Not only will Mandalay offer generous home-sites set within a beautiful location, but a functional display village for home-hunters.

"Building a dream home can be a stressful time, but Mandalay's display village will help guide home-hunters through the decision making process, providing more options for home buyers as demand in Melbourne's north continues to increase" Ms Mousios said.

"Mandalay's comprehensive display village will be able to assist home buyers far and wide to make the right decision when choosing the home for them," she said.
